Dimensions and Installation Information (in inches)

Electrical Rating

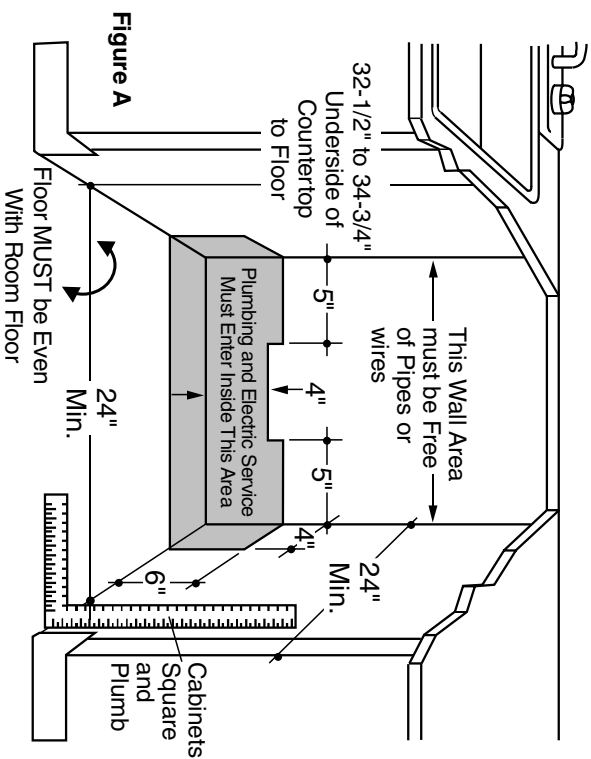

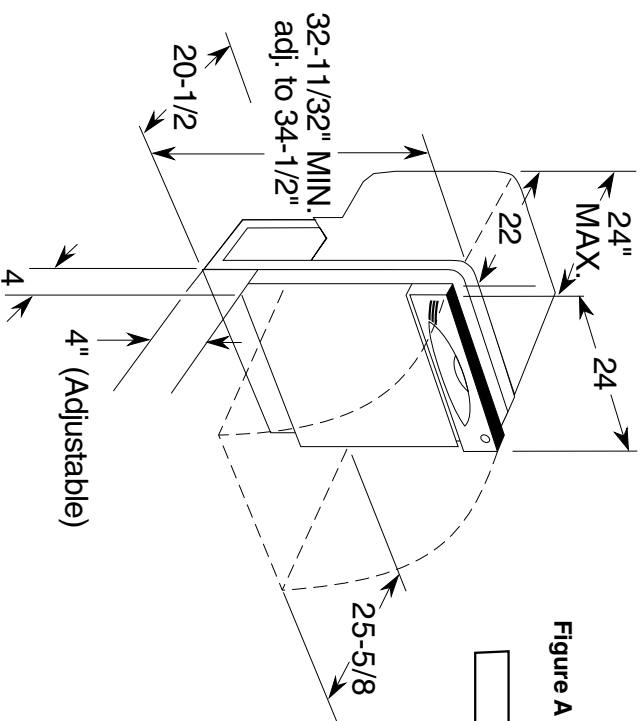

Voltage AC.....	120
Hertz.....	60
Total connected load amperage.....	9.1
Calrod® heater watts max.....	875

For use on adequately wired 120-volt, 15-amp circuit having 2-wire service with a separate ground wire. This appliance must be grounded for safe operation.

Note: The rough cabinet opening must be at least 24" deep, 24" wide and approximately 34-1/2" high from floor to underside of the countertop. Dishwasher must not be installed more than 10 feet from sink for proper drainage. All plumbing and electrical work must be in accordance with local codes. The power cord and connections must comply with the National Electrical Code Section 422 and/or local codes and ordinances. The cord must be no longer than 6 ft. from the junction box to the receptacle.

Installation Information: Before installing, consult installation instructions packed with product for current dimensional data.

CONTROL PANEL

1. Bake/Broil temperature selector
2. 60-minute timer with Stay On
3. On indicator light
4. Toast shade selector

Important: When using the **TIMER** function, always turn the dial past 20 and then turn back or forward to desired setting.

How to Use

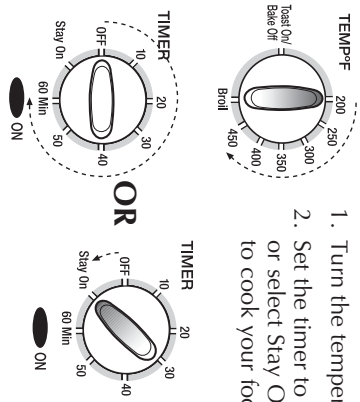

This product is for household use only.

	<p>CAUTION</p> <p>THIS OVEN GETS HOT WHEN IN USE. ALWAYS USE OVEN MITTS OR POT HOLDERS WHEN TOUCHING ANY OUTER OR INNER SURFACE OF THE OVEN.</p>
--	--

GETTING STARTED

- Remove packing materials and any stickers.
- Remove the slide rack/broil rack and bake pan/drip tray from oven.
- Wash in sudsy water, rinse and dry with a cloth or paper towel.
- Replace slide rack/broil rack in oven.
- Select a location for the unit. Do not place unit under cabinets or too close to the wall to allow heat to flow without damaging counter space.

OVERVIEW OF FUNCTIONS To Bake

1. Turn the temperature selector to desired temperature.
2. Set the timer to desired baking time including preheat time or select Stay On, if you want to control cooking time or need to cook your food longer than 60 minutes.

Important: When using the **TIMER** function, always turn the dial past 20 and then turn back or forward to desired setting.

LC-26DV27UT | Televisions

Sharp's 26" Class (26" Diagonal) LC-26DV27UT LCD TV provides a convenient built-in DVD television solution with a distinctive design. The LC-26DV27UT features a side-loading progressive scan DVD player, a high-performance LCD panel for high brightness, a high contrast ratio, low-reflection glare protection and wide viewing angles.

Features

- **16:9 Aspect Ratio (1366 x 768) LCD Panel**
displays 16:9 widescreen programs in their native aspect ratio without the need for scaling or other video processing.
- **Built-in Side-Loading Progressive Scan DVD Player**
is the ultimate in convenience!
- **Built-in ATSC/QAM/NTSC Tuners**
for DTV and analog TV viewing.
- **High Brightness**
Sharp LCD TVs are very bright, so you can put them virtually anywhere – even near windows, doors or other light sources – and their picture is still vivid.
- **Dual HDMI™ Input**
for convenient connection to digital devices.
- **High Contrast Ratio**
proves incredible images whether you're watching dark or bright scenes!
- **PC Input**
easily turns your TV into a PC monitor.

Specifications

- **Screen Size** 26" Class (26" Diagonal)
